About Your Statement (sample wording)

This page imitates the explanatory notes that card statements usually carry. The wording is invented for software testing. It is not legal, financial or product information.

Transaction and posting dates. Each row shows the date of the purchase and the date it was posted. A purchase made shortly before the opening date can appear on this statement.

Account summary. Purchases are shown after merchant refunds. Fees are shown separately. The new balance also reflects the previous balance and payments, so it is not a purchase total.

Minimum payment. In this sample the minimum payment is a made-up percentage of the balance.

Interest. Sample annual rates: purchases 19.99%, cash advances 22.99%. No interest was charged in this sample period.

FICTIONAL SAMPLE: all data is made up, for demo and testing only. Not a real statement.
